

Christkindlmarkt Vendor FAQs

General Vendor Information

- This year's Christkindlmarkt is Dec 13 & 14, 2024
- Returning vendors may apply starting May 14th
- New vendors may apply starting July 2nd
- We will not accept registrations after Oct 31st or once we are full (whichever comes first)
- Vendors with handcrafted items/art will be given preference
- Vendors must provide their own tents/canopies, tables and chairs
- Spaces are not lit
- Electrical outlets are not available
- FOOD vendors are required to have a retail food license and insurance. Your license must be displayed and you must submit a copy of your insurance to our office
- A limited number of parking spaces will be available for vendors in the Rt 15S parking lot. This option will be by reservation only, and at an additional fee for both Friday and Saturday. A parking tag will be issued to that vendor for an assigned spot. No access will be permitted if the parking tag is not displayed in the vehicle.
- Parking will be available at both 35 Greenbriar Lane and behind the Dollar General for vehicles and trailers
- Dumpsters and trash receptacles are for shoppers and NYCHAPS use only. We will dispose of consumer-generated trash but you are responsible to take all boxes and empty containers from your merchandise with you

Outdoor spaces

- Outside spaces are approximately 10' square
- No vehicles may occupy an event space
- We have built in about 5' between outside vendors for customers to access vendor stands from the sides, as well as the front. Vendors may not use that space for their wares. All wares must be within the reserved space/s and signage may not obstruct walking accessibility or other vendor spaces.
- If multiple spaces are requested, they will be adjacent to each other, unless otherwise requested
- Generators must be kept within your space and must not be loud or disruptive to neighboring vendors. If your generator causes issues with your neighbors, you will be asked to turn it off

Indoor spaces

- Our indoor spaces are very unique and set within the historic rooms of Dills Tavern and the adjacent Log Barn
- No space in the tavern is quite the same
- The Tavern is heated by wood fires so heating may not be consistent and those with allergies should take note
